

HALE KAI

Welcome to our Hawaiian Paradise!

Come relax and enjoy a slower pace of life here on the Big Island.

We have a fully equipped chef's kitchen, coffee maker with complimentary coffee, air fryers, blender and food processor.

We have condiments and staple pantry items, but please expect to do a grocery shopping trip in Kona or at the local markets prior to your arrival.

We will have a 1 gallon jug of drinking water available for your arrival. Please keep and re-use this jug as needed; filling stations are at the local grocery stores for your convenience.

We recommend that you do not drink or make coffee with water from the tap, although it is safe for food prep and hygiene.

SLEEPING ARRANGEMENTS

Bedroom 1 features a King Bed, lounging couches, and an attached full bathroom with walk in tile double shower.

Bedroom 2 features a Queen Bed, two Twin beds, and attached bathroom with a tub shower.

Bedroom 3 Features a Queen Bed and attached bathroom with a walk in tile shower.

Bedroom 4 features a Queen Sleeper Sofa

All Bedrooms have extra sets of linens and full sets of towels for your stay.

Our bathrooms come stocked with shampoo, conditioner, and body wash for your convenience.

We do have beach towels available for your use. Feel free to take them from the property while you're exploring our lovely beaches, but please be mindful and bring them back without damage.

Details

When you arrive, please park outside of the garage. The front door code will be given upon final payment.

The wifi is 'Hale Kai' password Aloha21!

Like most of the island, there is no heat or AC in the building. Ocean View is known to be very windy in the afternoons and evenings, so open up the windows, turn the fans on, and you'll be cool in no time! The wind can be very strong at times, so please put something heavy in front of doors that are open to the wind.

There is a BBQ inside the main entryway that should be moved outdoors whenever it's in use. Please make sure it is fully cooled before bringing it back inside.

There is a drawer in the island (top left hand side) that has first aid supplies available for you to use. We hope that you don't need to use it!

There is also a fire extinguisher in the kitchen.

Unfortunately, recycling is not made easy on our island. While it's tempting to sort, please throw all recyclables in the garbage, along with all food waste.

Closing Duties

When you are at the end of your stay, please load all dishes into the dishwasher and start the cycle before you leave. Any extra items that don't fit in the dishwasher please set by or in the sink.

Please make sure all garbage is in the appropriate bins.

Please strip all bedding and pillowcases, but leave them in the rooms they belong to. Leave all towels on the bathroom floor. Do not start a load of laundry before you leave, as sometimes our caretaker can't get there right away to rotate laundry.

Lock all windows and doors, and make sure all furniture is safely stored indoors.

We hope you enjoyed your stay at our private paradise, Hale Kai. Please let us know how your stay went; we welcome feedback of any kind. We want to make sure nothing is lacking and that you were comfortable.

We sincerely hope you will choose to stay with us again!
